

Accessible dental care for everyone - regardless of income.

We specialize in serving those with no dental insurance or government assisted dental insurance plans including:

- Canadian Dental Care Plan (CDCP)
- Ontario Disability (ODSP)
- Ontario Works (OW)
- Healthy Smiles (HSO)
- Ontario Seniors Dental Care Program (OSDCP)

Donations

The Community Health Centres of Northumberland Dental Clinic is a not-for-profit dental clinic. The clinic operates through the programs and grants listed above. Donations are a welcome and needed to sustain the program and purchase much needed supplies and dental equipment.

DENTAL SERVICES

Building a healthier community together

COMMUNITY HEALTH CENTRES
OF NORTHUMBERLAND

Did you go to the emergency room for help?

An ER may assist you with pain and antibiotics, but the problem with the tooth is still there.

At the Community Health Centres of Northumberland Dental Clinic, we will help you design a plan and work with you to make sure your teeth and gums are the healthiest they can be.

Services Offered

Our services include:

- Teeth cleanings and check ups
- Tooth removal
- Fillings
- Root canals
- Crown and bridges
- Dentures
- Implant supported dentures
- Emergency appointments available

The dental team provided "A1 service." It was quick, I was in and out and they were able to work with me within my financial means.

Blair, client

Our Team

Our dental team includes dentists, a denturist, hygienists and assistants that provide dental care 5 days a week.

Albert, Denturist

Your comfort is our #1 priority

I was comfortable, very happy with the service. Overall I have had a very positive experience every time that I have come to see this team.

George, client

Haven't been to the dentist in years?

It's OK—we are here to help! We offer friendly, safe, and supportive care. We also offer nitrous oxide ("laughing gas") to help make the experience easier.

Issues with your teeth can cause:

- Missed work
- Weight loss (pain when chewing)
- Lack of self-confidence

They truly look out for your best interests, I highly recommend them to others in the community.

Mary, client
